1.0 INTRODUCTION

The Town of Gananoque is in the heart of the 1000 Islands and is recognized as one of Eastern Ontario's most stunning waterfront communities. It has truly developed into a world-class destination for travelers, businesses and residents.

Gananoque is a strategic business location. The Town is located on the Detroit/Windsor-Montreal corridor on Highway 401. Along this route resides two thirds of Canada's population, and is approximately two and a half hours east of Toronto, three and a half hours west of Montreal, and one hour south of Ottawa, via Hwy 416. Access to the United States and its markets is only twenty minutes east of Gananoque at the 1000 Islands International Bridge, which connects Hwy 401 to U.S. Interstate 81.

2.0 COMMUNITY IMPROVEMENT PLAN

2.1 Overview

A Community Improvement Plan (CIP) is a tool that allows a municipality to direct funds and implement policy initiatives toward a specifically defined project area. Section 28 of the *Planning Act* gives municipalities that have enabling policies in their official plans the ability to prepare Community Improvement Plans. CIP's are intended to encourage rehabilitation initiatives and/or stimulate development. Once implemented, the plan allows municipalities to provide tax assistance, grants or loans to assist in the rehabilitation of lands and/or buildings within the defined Community Improvement Project Area.

2.2 Purpose

The purpose of the CIP is to provide an opportunity to develop and redevelop properties within the boundaries designated as a Community Improvement Project Area.

The CIP will provide incentives to develop and redevelop property in the form of grants, loans and tax assistance.

2.3 Goals and Objectives

2.3.1 The objectives of the CIP as identified in the Official Plan include, but are not limited to:

- i. To revitalize, intensify and strengthen residential, commercial, cultural and employment opportunities;
- ii. To provide a safe, vibrant, pedestrian friendly environment;
- iii. To provide an attractive and inviting environment;
- iv. To enhance and reinforce linkages between the areas and the waterfront open space system;
- v. A cleaner, healthier, safer and more livable environment;
- vi. To increase employment, economic activity and investment;
- vii. To upgrade and maintain all essential municipal services and community facilities;
- viii. To ensure that community improvement projects are carried out within the built up areas of the Town;
- ix. To ensure the maintenance of the existing building stock;
- x. To facilitate the remediation, rehabilitation and/or redevelopment of existing Brownfield sites;
- xi. To encourage private sector investment and the strengthening of the economic base;
- xii. To enhance the visual appearance of Community Improvement Areas;
- xiii. To revitalize our downtown commercial district (General Commercial Policy Area) as a mixed use area and a vibrant shopping destination;
- xiv. To encourage the continued commercial vitality and economic viability throughout all seasons of the year;
- xv. To preserve heritage resources of architectural and historical significance and encourage improvement in buildings consistent with the heritage character of the area;
- xvi. To create an attractive image of the Town that reflects the historic character and heritage of the community;
- xvii. To encourage infilling and redevelopment of vacant or underutilized land as with Brownfield sites;
- xviii. To provide incentives to promote a broad range of building and environmental rehabilitation, development and redevelopment and land acquisition consistent with the Official Plan of the Town of Gananoque;

2.4 Community Improvement Areas

2.4.1 The CIP designates two Community Improvement Project Areas.

- i. Area “A-1 and A-2”, Façade/Business Improvement – As shown on Schedule A of the CIP, this area is generally the area of the Business Improvement Area. This area has approximately 50 businesses, located generally on either side of King St. from Charles St. to the Gananoque River, and on the south side of King Street from the Gananoque River to Main Street.
- ii. Area “A-3”, Business Improvement – As shown on Schedule A-3 of the CIP, this is the geographical boundaries of the Town of Gananoque.
- iii. Area “B”, Brownfield – Town wide - As shown on Schedule B of the CIP, this is the geographical boundaries of the Town of Gananoque.

2.5 Legislation

Municipal Act

Section 106 of the Municipal Act prohibits Municipalities from providing assistance to businesses that would favour a business over its competitors:

Planning Act

Section 28 of the Planning Act permits municipalities to approve a Community Improvement Plan. The Act contains the following definitions:

“Community Improvement Plan” means a plan for the community improvement of a community improvement project area;

“Community Improvement Project Area” means a municipality or an area within a municipality, the community improvement of which in the opinion of the council is desirable because of age, dilapidation, overcrowding, faulty arrangement, unsuitability of buildings or for any other environmental, social or community economic development reason.
