

## Taste of Gananoque 2021

The Town of Gananoque & The 1000 Islands Gananoque Chamber of Commerce

### Business Participation Form

Taste of Gananoque was created to provide increased support to our local restaurants during a time when small businesses are facing devastating economic challenges due to the impacts of COVID-19. With added focus on promoting Gananoque's unique dining experiences, this initiative will help reconnect our valuable local restaurants with customers in Gananoque and the surrounding area by encouraging residents to support local and explore the many delicious tastes of Gananoque!

Taste of Gananoque program facilitators will be featuring our local restaurants in weekly promotional content on Facebook, Instagram and Twitter. There will also be a program-specific page added to the Town of Gananoque website. This content will highlight our Gananoque dining experiences in a positive and inclusive way. By completing and submitting this form, you are permitting program facilitators to include your business information, menu features, website, promotional photos and any other pertinent information in our promotions throughout the duration of this program (May 19 - Sept 1, 2021).
