TENDER AWARD

Providing the project moves forward, if it can be awarded within the approved budget allotment, the contract will be awarded to the lowest qualified bidder – total contract (including provisional items). If all “Total Contract” bids are over budget, the project will be awarded to the lowest qualified bidder of the core items. Once the lowest qualified bidder has been identified using the above criteria, the Town of Gananoque reserves the right to include all of the provisional items, some of the provisional items, or none of the provisional items at any time during the award or construction process.

I have examined the project site and completed the Form of Tender, and it is understood that it is a condition of this Tender that the project will be completed in accordance with the timeline I have submitted with this tender.
